

The PGHA is excited to announce the return to hockey with August Summer Skills Sessions.

These skill sessions will be organized on a first come first serve basis and will be based on the level of play that you were at last season.

Only previously rostered players with the PGHA from the 2020-2021 season will be able to participate in these skills sessions.

You will receive coaching from our highly skilled coaches, as well as 6 ice slots (dates and times listed below).

Please be advised that you will have to abide by our return to play guidelines from the OWHA, as well as our Covid 19 Policies and procedures in order to participate.

Please look at the groups below

Find your daughter's birth year and the team your daughter played on last year to determine which group to register with for the skills sessions: (Eg: If your daughter was born in 2010 and played U11 and their coach was Hancock, they should register Group 6)

The PGHA will be reviewing registrations to make sure girls have registered for the correct group. If there is an error, we will reach out to you.

Once each group reaches 18 participants registered, there will be a wait list for each group. Should a group fill, while another remains with availability, we will offer your daughter to join a different group.

Have fun on the ice!
